**PARK COUNTY BOARD OF COUNTY
COMMISSIONERS
PLANNING DEPARTMENT STAFF REPORT**

Commission Hearing Date: December 22, 2016

To: Board of County Commissioners

Date: December 13, 2016

Prepared by: John Deagan, AICP; Planner

Case Number: 16ZON-14

Subject: Wayland Rezoning

Request: Applicant is requesting a rezoning from Residential to Residential Estate.

Application Summary:

Applicant:	Erik and Michele Wayland
Owner:	Same
Location:	New Lot 19, Badger Mountain Ranch No. 1, addressed as 353 McMurry Road
Current Zone District:	Residential
Surrounding Zoning:	Residential, Conservation/Recreation, and Residential Estate - a zoning map is included as Attachment 1.
Lot Size:	39.9 acres
Proposed Zoning:	Residential Estate

Background:

The subject property is located in the Badger Creek Ranch subdivision in the southwest corner of the county, 28 road miles from Hartsel. A Vicinity Map is included as Attachment 2. It consists of one metes-and-bounds parcel zoned Residential. The applicant wishes to rezone the parcel to Residential Estate in order to have cattle on the lot. This is appropriate due to the large size of the lot (39.9 acres) and the existence of other land zoned Residential Estate in the vicinity.

Land Use Regulations and Strategic Master Plan:

Each of the standards for approval of a Zoning Map Amendment (LUR Section 5-202, page 9) is addressed below.

A. In considering any petition for amendment of the Official Zoning Map, the following standard shall govern. The applicant for the proposed amendment shall bear the burden of proof and the resolution approving the zoning map amendment shall be approved and adopted only if it is demonstrated by clear and convincing evidence presented during the public hearing that the following conditions or circumstances exist:

- 1. The property possesses the geological, physical, and other environmental conditions that are compatible with the potential uses permitted in the proposed zone district; and**

The property's geological, physical, and other environmental conditions are compatible with the potential permitted uses in the Residential Estate Zone District.

- 2. The property has a reasonably certain right of permanent legal access permitting vehicular ingress and egress from the property to the public thoroughfare; and**

The property has extensive frontage along McMurry Road.

- 3. Access to the property from the public thoroughfare reasonably meets County street, road, or driveway standards or, if the property is undeveloped, such access will be established prior to issuance of a building permit; and**

Access will have to meet relevant requirements prior to issuance of a building permit.

- 4. The potential uses of the property within the proposed zone district are compatible with other properties within the immediately surrounding area; and**

Permitted uses within the Residential Estate zone district that are not allowed in the Residential zone district are the keeping of Large Livestock, Duplex, Guest House, Private Riding Arena, and Private Stable. With the exception of the keeping of Large Livestock, none of these represent a radical change from uses allowed in the Residential zone district. The applicants intend to keep cattle on the lot and could have up to four cow/calf pairs. They intend to fence their lot to contain the cattle.

- 5. At least one of the following:**

- a. The rezoning, as proposed, is consistent with the advisory provisions of the Park County Strategic Master Plan; or**

The subject property's rezoning is consistent with the advisory provisions of the 2016 Park County Strategic Master Plan. Goal 3.2, Strategy D is to "encourage a transition to agricultural uses with more livestock than would be typically allowed in platted subdivisions...where lot sizes are large enough...Special consideration should be given to the compatibility of agricultural

uses on platted subdivisions with nearby residential development.”

- b. The rezoning, as proposed, is supported by circumstances and conditions within the immediate area which have changed since the adoption of the Park County Strategic Master Plan; or**
Not Applicable.
- c. The rezoning, as proposed, is to a Planned Unit Development**
Not Applicable.

Impact Analysis:

If the lot is fenced to prevent livestock from leaving, no significant impacts resulting from the rezoning are anticipated.

Planning Commission and Public Comment:

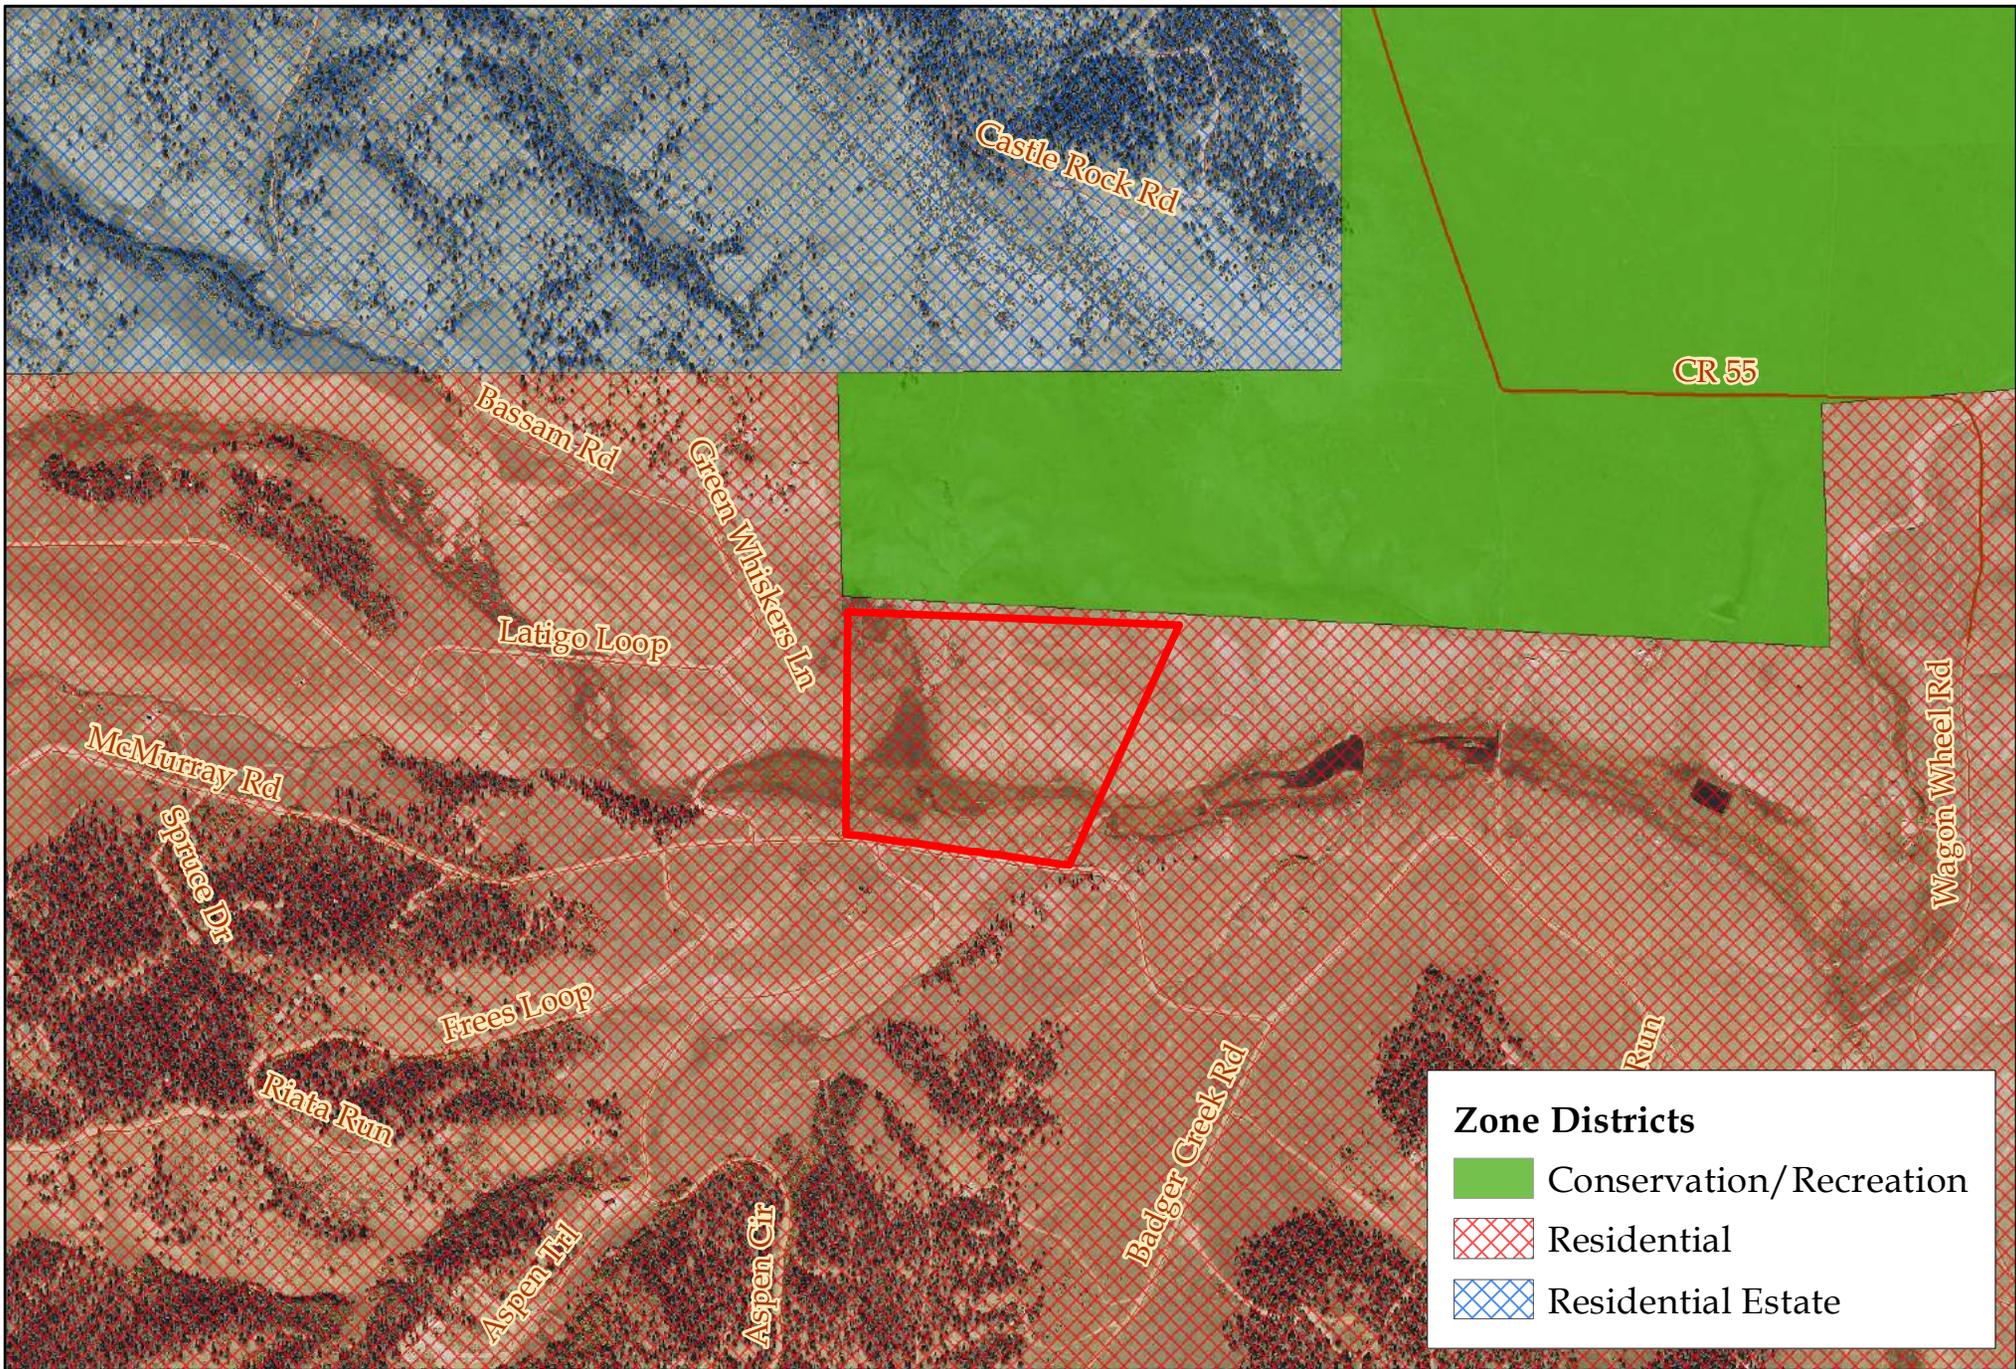

The Planning Commission reviewed this application at their December 13, 2016 meeting and unanimously recommended approval of the application with no conditions. No public comment was received.

Recommendation:

Staff recommends that the application be approved with no conditions. The BOCC's options are to authorize the County Attorney to prepare a resolution to:

- Approve the application with no conditions;
- Approve the application with newly identified conditions;
- Deny the application;

Or to continue the application so that the applicant or staff can provide additional information.

**PARK COUNTY
PLANNING COMMISSION
RESOLUTION # 12-2016-02**

**A RESOLUTION RECOMMENDING APPROVAL OF AN APPLICATION FOR
REZONING FROM RESIDENTIAL TO RESIDENTIAL ESTATE OF NEW LOT 19,
BADGER CREEK RANCH NUMBER ONE, ADDRESSED AS 353 MCMURRY ROAD.**

WHEREAS, the Planning Commission held an open public meeting, notice duly given thereof, on December 13th, 2016, at the Commissioner's Meeting Room in Fairplay, Colorado; and

WHEREAS, Erik and Michele Wayland have applied for Rezoning from Residential to Residential Estate of the abovementioned legal description; and

WHEREAS, the Park County Planning Commission has reviewed the application and the recommendations of the Planning Department;

NOW THEREFORE, BE IT RESOLVED BY THE PLANNING COMMISSION FOR PARK COUNTY, COLORADO, THAT:

Section 1. The application for Rezoning of the abovementioned legal description, County of Park, State of Colorado is hereby recommended to the Board of County Commissioners for:

Approval

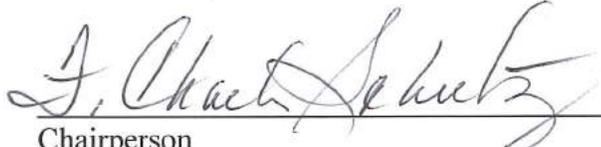

Denial

With no conditions.

Section 2. The basis and grounds supporting such recommendation are documented by the recorded testimony and other evidence presented before the Planning Commission. In particular, the Planning Commission finds that the application for a Rezoning:

Meets Does not meet the requirements for a Rezoning as provided by the current Park County Land Use Regulations.

 We have reviewed this referral and find that it **does not** comply with our Strategic Master Plan for the following reasons:

 We have reviewed this referral and find no conflicts with our interests.

 A formal recommendation is under consideration and will be submitted to you prior to _____.

 Please refer to the enclosed letter.

 X We offer the following comments regarding this referral:

The board understands that the current application is for rezoning from R to R-20, and as such we have no environmental concerns.

However, mapping in the application provided indicates a proposed driveway through existing wetland. To our knowledge, there has been no wetland delineation or Wetland Restoration and Replacement plan provided. As the Applicant proceeds with the proposed project, the Board believes that a Wetland Restoration and Replacement Plan will be required in accordance with Park County Land Use Regulations, Article VII, Division 9 - Wetland Regulations to disturb the wetlands for the driveway creation.

**PARK COUNTY BOARD OF COUNTY

PLANNING DEPARTMENT STAFF REPORT**

Commission Hearing Date: December 22, 2016

To: Board of County Commissioners

Date: December 15, 2016

Prepared by: John Deagan, AICP; Planner

Case Number: 16AMN-04

Subject: Guerrero Common Plat Amendment (Lot Consolidation to be Reviewed Administratively)

Request: The removal of 33 lots from Wandcrest Park, 3rd Filing, so they can be combined with an adjacent metes-and-bounds parcel.

Application Summary:

Applicant:	Rocky Guerrero
Owner:	Same
Location:	Part of the North ½ of Section 24, Township 7 Range 72 addressed as 15674 South Pitkin Lane, Pine. See Attachment 1 for a vicinity map.
Current Zone District:	Residential
Surrounding Zoning:	Residential in all directions
Lot Size:	0.35 and 9.6 acres
Existing Use:	Single Family Residential
Proposed Use:	Same, with Detached Garage
Public Comment	None received at this time

Background:

Rocky Guerrero owns 33 small lots in Wandcrest Park, 3rd Filing and an adjacent 5-acre metes-and-bounds parcel south of them. He wants to build a garage on the latter parcel. This requires a lot consolidation and plat amendment to remove the first-mentioned land from the Wandcrest Park subdivision. A depiction of the existing and proposed lot configuration can be seen as Attachment 2. Staff has determined that the application meets the requirements for approval of a lot consolidation, and the plat amendment requires Planning Commission and Board of County Commissioners review.

Land Use Regulations and Strategic Master Plan: Each of the standards for approval of a Common Plat Amendment (LUR Section 6-504, page 38) is addressed below.

A. The Common Plat Amendment amends a County-approved and recorded Minor Plat, Final Plat, or Exemption Plat.

This requirement is not applicable to the situation. The plat for Wandcrest Park 3rd Filing was recorded in 1927 and Park County did not adopt subdivision regulations until 1960.

B. The Common Plat Amendment, as approved, either conforms to all applicable zoning or other standards or does not increase any nonconformity of an already legally nonconforming lot.

The amendment will eliminate 33 nonconforming lots by combining them with the larger metes-and-bounds parcel.

C. The Common Plat Amendment, as approved, meets or satisfies all applicable requirements of these Land Use Regulations.

The amendment meets all applicable requirements of the Park County Land Use Regulations.

D. The Common Plat Amendment, as approved, substantially conforms to the goals and policies of the Strategic Master Plan to the extent that such advisory provisions do not conflict with provisions or requirements of the Land Use Regulations and to the extent that such goals and policies set forth requirements which are sufficiently specific to permit the Planning Commission or the Board of County Commissioners to decide that such application or subdivision meets or fails to meet such goal or policy.

This plat amendment does not conflict with any goals or guiding principles of the Strategic Master Plan.

E. The proposed amendment would not cause significant hardship or inconvenience for adjacent or neighboring landowners.

This amendment would not cause any hardship or inconvenience to any neighbors.

F. The proposed amendment does not create or result in an illogical or inefficient lot layout or subdivision.

The proposed amendment will eliminate 33 inefficient lots.

Impact Analysis:

No significant impact is anticipated to schools, parks, storm drainage or utilities.

Planning Commission and Public Comment:

The Planning Commission reviewed this application at their November 8, 2016 meeting and unanimously recommended approval of the application with the following condition:

Prior to BOCC hearing, utility easements as requested by IREA in their letter dated December 8th 2016 are added to the plat.

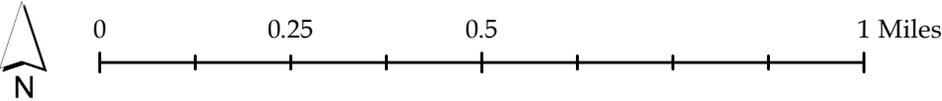

This condition has been met. No public comment was received.

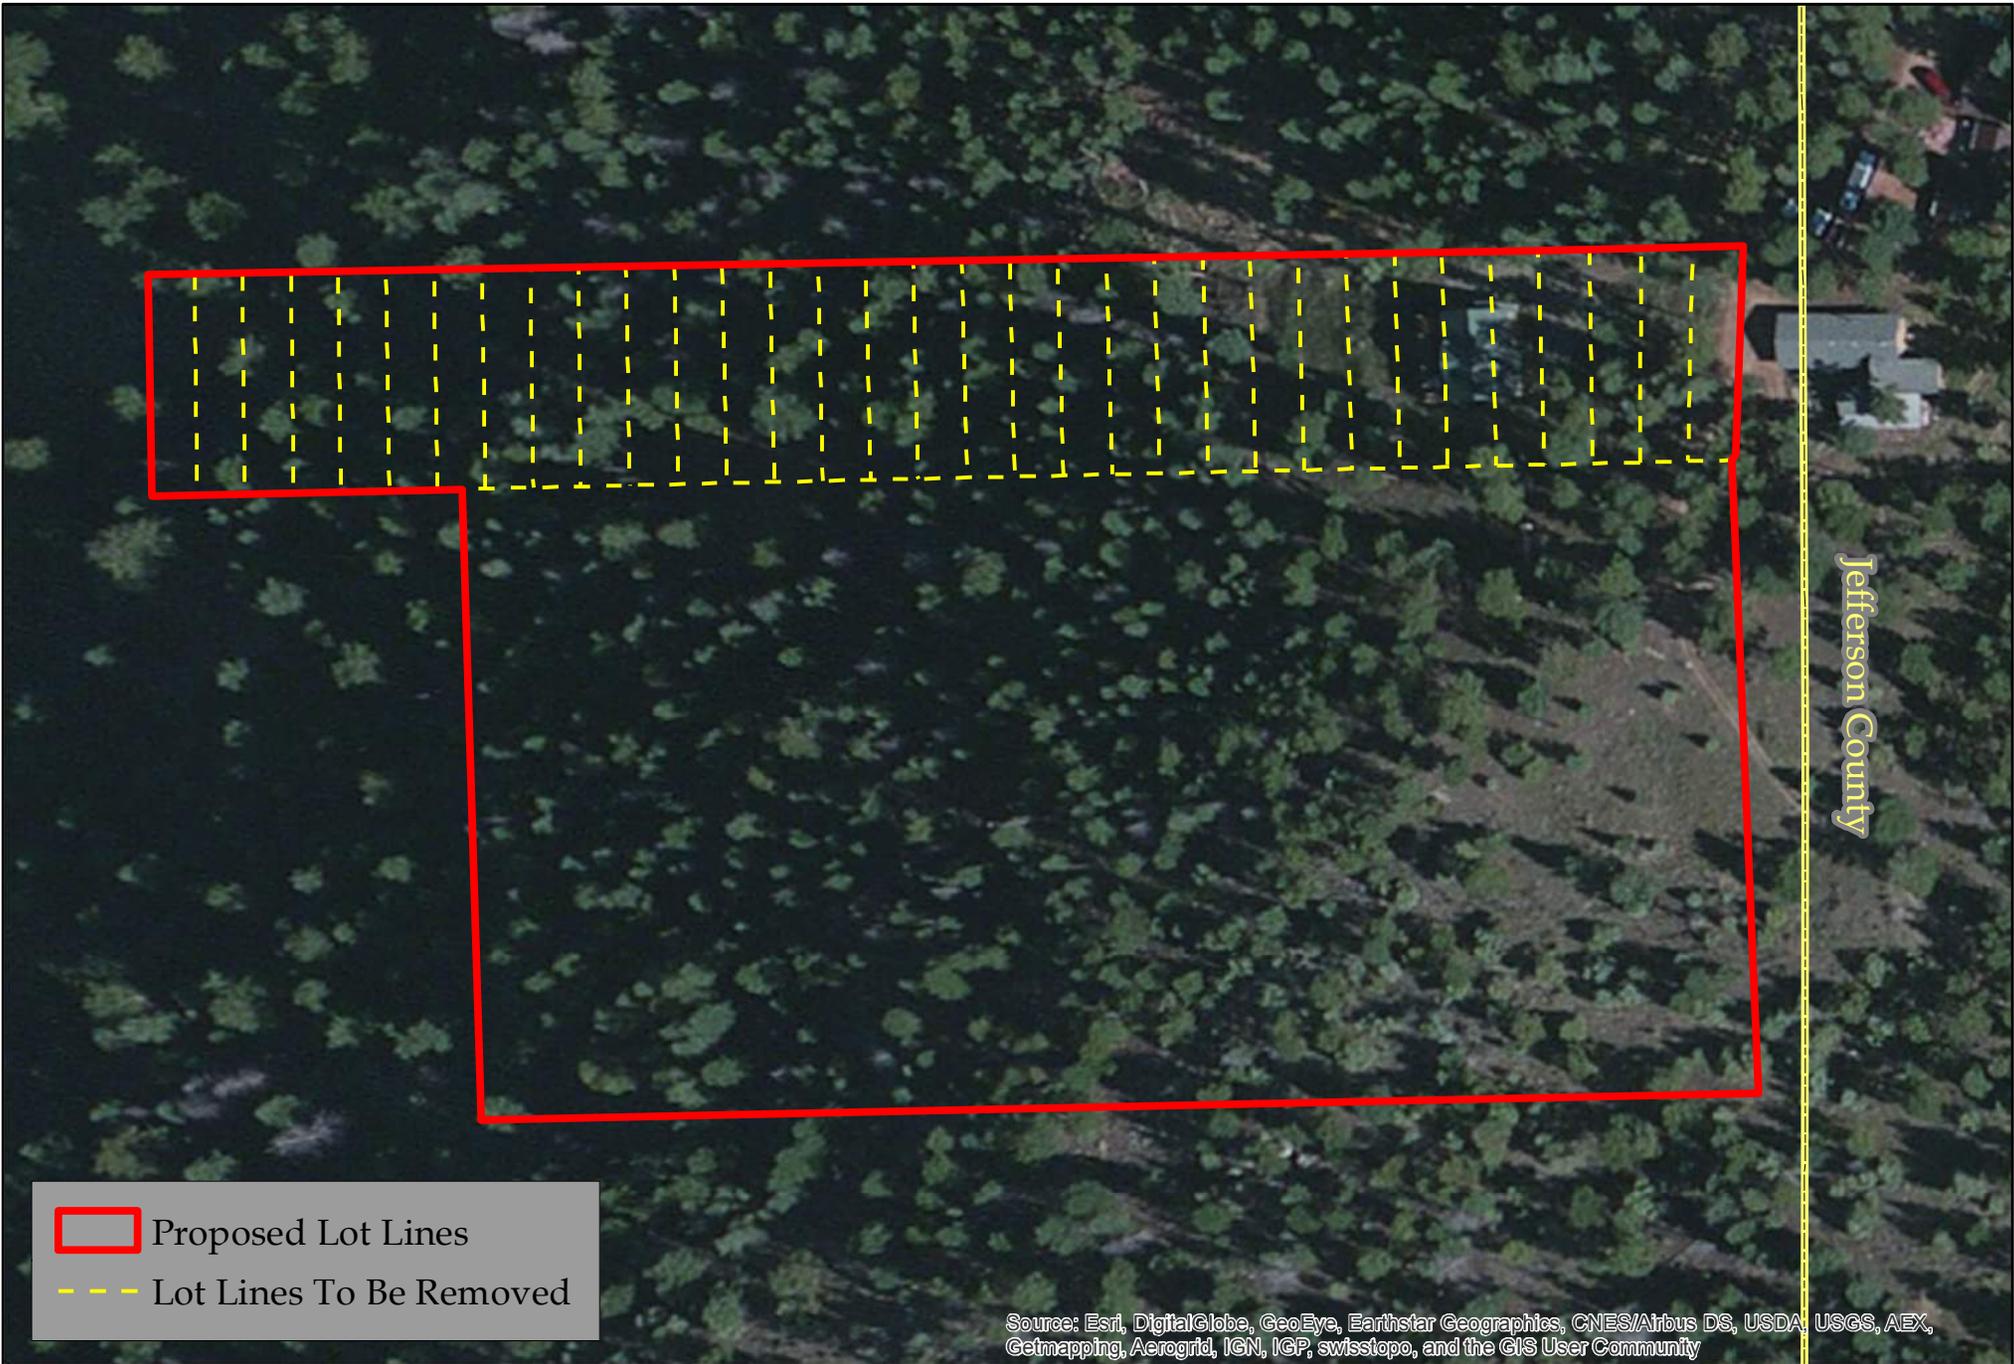

Recommendation:

Staff recommends that the application be approved with no conditions. The BOCC's options are to authorize the County Attorney to prepare a resolution to:

- Approve the application with no conditions;
- Approve the application with newly identified conditions;
- Deny the application;

Or to continue the application so that the applicant or staff can provide additional information.

-  Proposed Lot Lines
-  Lot Lines To Be Removed

WHEREAS, the Planning Commission held an open public meeting, notice duly given thereof, on December 13th, 2016, at the Commissioner's Meeting Room in Fairplay, Colorado; and

WHEREAS, Rocky Guerrero has applied for a Common Plat Amendment of the abovementioned legal description; such amendment removing lots 1 through 29, tract 171 and lots through 4, tract 159 from Wandcrest Park, Third Filing; and

WHEREAS, the Park County Planning Commission has reviewed the application and the recommendations of the Planning Department;

NOW THEREFORE, BE IT RESOLVED BY THE PLANNING COMMISSION FOR PARK COUNTY, COLORADO, THAT:

Section 1. The application for a Common Plat Amendment of the abovementioned legal description, County of Park, State of Colorado is hereby recommended to the Board of County Commissioners for:

Approval

Denial

With the following condition:

1. Prior to hearing of the application by the Board of County Commissioners, utility easements as described in the letter from IREA attached as **Exhibit A** are added to the plat.

Section 2. The basis and grounds supporting such recommendation are documented by the recorded testimony and other evidence presented before the Planning Commission. In particular, the Planning Commission finds that the application for a Common Plat Amendment:

Meets Does not meet the requirements for a Common Plat Amendment as provided by the current Park County Land Use Regulations.

Re: GUERRERO PLAT AMENDMENT
Case No.: 16AMN-01

Dear Mr. Deagan:

The Association has reviewed the contents in the above-referenced referral response packet. We reviewed the project for maintaining our existing facilities, utility easements, electric loading, and service requirements. We are advising you of the following concerns and comments:

The Association has existing overhead electric facilities on the subject property. The Association will maintain these existing utility easements and facilities unless otherwise requested by the applicant to modify them under the Association's current extension policies.

As part of consolidating the lots and encumbrances; the Association existing overhead electric facilities are installed on those lots being requested to be consolidated. The existing overhead electric facilities were installed in 1939 and the Association has on hand an unrecorded blanket easement granted by the Nickel's on November 9, 1939.

The Association is requesting that as part of the Plat Amendment process that the applicant defines the existing overhead electric facilities. The Association is requesting a fifteen-foot (15') wide easement and a thirty-foot (30') wide easement as shown on the markup of the plat. In return, the Association will release the unrecorded blanket easement granted by the Nickel's.

Sincerely,

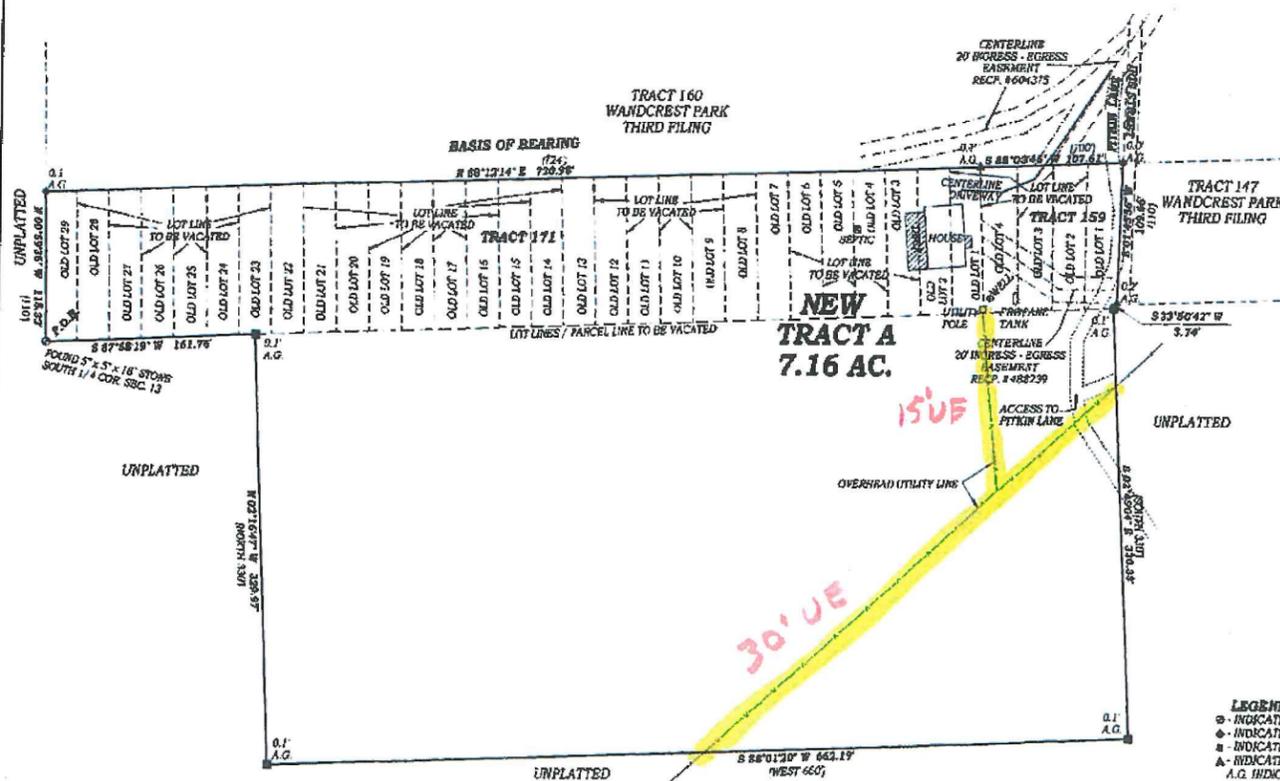

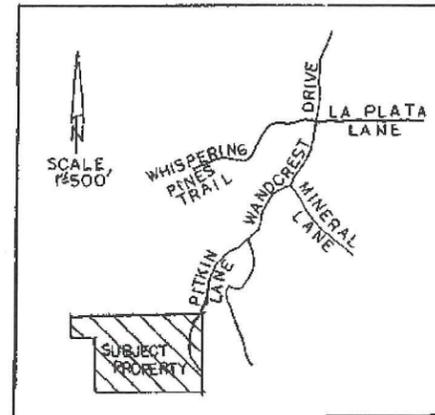

A handwritten signature in black ink, appearing to read "Brooks Kaufman", with a long, sweeping horizontal line extending to the right.

Re: GUERRERO PLAT AMENDMENT
Case No.: 16AMN-01

Dear Mr. Deagan:

The Association has reviewed the contents in the above-referenced referral response packet. We reviewed the project for maintaining our existing facilities, utility easements, electric loading, and service requirements. We are advising you of the following concerns and comments:

The Association has existing overhead electric facilities on the subject property. The Association will maintain these existing utility easements and facilities unless otherwise requested by the applicant to modify them under the Association's current extension policies.

As part of consolidating the lots and encumbrances; the Association existing overhead electric facilities are installed on those lots being requested to be consolidated. The existing overhead electric facilities were installed in 1939 and the Association has on hand an unrecorded blanket easement granted by the Nickel's on November 9, 1939.

The Association is requesting that as part of the Plat Amendment process that the applicant defines the existing overhead electric facilities. The Association is requesting a fifteen-foot (15') wide easement and a thirty-foot (30') wide easement as shown on the markup of the plat. In return, the Association will release the unrecorded blanket easement granted by the Nickel's.

Sincerely,

A handwritten signature in black ink, appearing to read "Brooks Kaufman", is written over a horizontal line. The signature is fluid and cursive.

**PARK COUNTY BOARD OF COMMISSIONERS
PLANNING DEPARTMENT STAFF REPORT**

BOCC Hearing Date: December 22, 2016

To: Board of County Commissioners

Date: December 15, 2016

Prepared by: Jill Falchi, Planning Technician
Sheila Cross, Director of Development Services

Case Number: 16PUD-02

Subject: Moore Dale Ranch Resort PUD Plat & Plan Amendment

Request: Applicant is requesting that the GCE Club House within Moore Dale Ranch Resort be converted to a residential condominium unit.

Application Summary:

Applicant:	Moore Dale Ranch Resort HOA C/O Grant Peck
Owner:	Moore Dale Ranch Resort
Location:	A portion of the North ½ of Section 26, Township 7 South, Range 73 West of the 6 th P.M., addressed as 57920 Hwy 285. See Attachment 1 Vicinity Map.
Current Zone District:	Planned Unit Development (PUD), See Attachment 2 Zoning Map
Surrounding Zoning:	Residential (R), Agricultural Small Lot (A-35), Commercial (C)
Lot Size:	10.89 acres
Existing Use:	Common Event Center/Club House
Proposed Use:	Residential Condominium Unit
Public Comment	No public comment has been received.

Background:

The Moore Dale Ranch Resort PUD Plat and Plan was approved by the Board of County Commissioners on December 10, 1985. The subject development is located approximately three miles northwest of Bailey proper on State Highway 285. Moore Dale Ranch resort is comprised of condominiums, general common elements (GCE) including a pool, tennis court, club house, and central water and sewer, See Attachment 3 Aerial Map. To generate revenue for general improvements, the Moore Dale HOA is requesting an amendment to

the PUD Plat and Plan to change the GCE club house to a residence, which can then be sold for profit, see Attachment 4 Moore Dale Ranch Resort PUD Plat and Plan Amendment.

Land Use Regulations and Strategic Master Plan:

The Land Use Regulations (LURs) specify that major PUD amendments, which this application represents, are 1) consistent with the standards of approval for a Final Plan and Plat, and 2) are consistent with the efficient development and preservation of the entire PUD (LUR Section 5-313, F.7. and G.1, pages 42 and 43). Each of the applicable approval criteria is addressed below.

Final PUD and Plat and Rezoning applications shall be approved by the Board of County Commissioners only if they determine that the Final PUD Plan/Plat and Rezoning:

A. Is consistent with the approved Preliminary PUD Plan and Plat;

The requested amendment is consistent with the general intent of the original PUD. Funding for upkeep of other improvements is presumably a higher priority than maintaining ownership of the common clubhouse.

B. Substantially conforms to the goals and policies of the Park County Strategic Master Plan;

The existing Club House is connected to Moore Dale's sewer and sanitation systems and the existing structure will be converted and utilized as a residential condominium unit. An additional condominium unit will increase Moore Dale's density, will not perpetuate residential sprawl, and is therefore consistent with Park County's Strategic Master Plan.

C. Includes all revisions and conditions imposed by the Board of County Commissioners during their approval of the Preliminary PUD Plan and Plat;

The Moore Dale PUD Plat & Plan Amendment is consistent with the original Moore Dale Ranch Resort Condominium Map, Book 399 Page 492, which acts as the PUD's original plat and plan.

D. Has addressed all professionally identified concerns regarding potential wildlife impact, water quantity and quality, wastewater treatment, traffic, utilities, drainage, and geology;

Depending on the past and future use of the Clubhouse/Event Center, changing its use from a general common element to a condominium unit may reduce the impact on the central water and sewer, traffic and wildlife. No impact on drainage and geology is anticipated.

E. Where public improvements are proposed, has had a subdivision improvement agreement approved to form and legality by the County Attorney and executed by the applicant in order to secure the timely and complete construction of the public improvements;

There are no new proposed public improvements associated with this plat amendment.

F. Will result in a substantial benefit to the County, compared to what could have been accomplished through strict application of otherwise applicable base zoning district standards;

Contingent on the approval of the requested PUD Plat and Plan Amendment, the revenue from the sale of the newly designated Unit 49 residence will go to the Moore Dale HOA's general fund. This revenue will fund improvements included in the four-year Moore Dale Improvement Plan, see Attachment 5. The most immediate improvements include new siding, gutters, and trim as needed; and fresh paint for all structures within the PUD.

G. Complies with the intent of the PUD zoning district as described in Section 5-313; and

This amendment complies with the intent of the PUD zone district.

H. Is in the best interest of the health, safety and welfare of County residents.

The residual proceeds from this proposed amendment could increase property values as well as improve the aesthetics of the neighborhood, and is in the best interest of the health, safety, and welfare of County residents.

Impact Analysis:

No significant impact is anticipated to schools, parks, storm drainage or utilities.

Planning Commission Action:

The Planning Commission held a public hearing regarding this case on December 13, 2016. No public comment was received.

The Planning Commission voted unanimously to recommend approval of this application to the Board of County Commissioners with no conditions.

Recommendation:

Based on the foregoing, staff recommends that this PUD Plat and Plan Amendment be approved with no conditions.

Options for BOCC action are to ask that the County Attorney prepare a resolution to either:

- Approve the application with no conditions,
- Approve the application with newly identified conditions, or
- Deny the application.

Pertaining to Application to change use of a building at MooreDale Ranch Resort

Dear Planning Department,

On October 18th, the Annual Meeting for the MooreDale Ranch Resort was held. The meeting was called subject to notification requirements dictated in the association's Bylaws and Declarations.

A copy of the agenda is attached.

The purpose of the meeting, among other things, was to discuss and vote on the Board of Directors plan to change the legal description of the Event Center (Club House) such that the unit would become a deedable, sellable and become a separate dues paying unit.

A quorum was established at the meeting and as dictated by CCIOA it was understood that 67% of the voting owners would be necessary to approve the measure.

The measure as presented to the ownership was as follows:

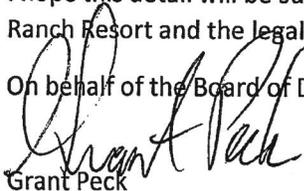

"Should the Board of Directors be authorized to amend the PUD sufficient to allow for deeding the Event Center as a single family home for the purpose of selling the home in the open market. Funds from the sales would be used 100% for the improvement of the Mooredale Community. The home would become a dues paying unit, subject to the terms and conditions established by the Board of Directors."

The measure was discussed and subsequently called for a vote by the President of the HOA, Grant Peck. The measure was seconded and by written, anonymous ballot, voted upon. The measure passed with 37 votes for and none against. There are 43 voting members of the Association. Accordingly, the measure passed with 86% of the memberships approval, well beyond the 67% required by CCIOA and the HOA's Declarations.

Ballots cast by the owners at the meeting are available if there is any need to verify the outcome of the voting.

I hope this detail will be sufficient to satisfy any questions about the will of the ownership at MooreDale Ranch Resort and the legal qualifications associated with this change of use application.

On behalf of the Board of Directors,

Grant Peck

President, MooreDale HOA

The Year in Review & looking forward (Grant)
Presentation of 2016 - 2017 budget
Moore Dale Improvement Plan – Survey (MIP) discussion
Event Center Sale decision/vote
Nominations for 2 Director positions for two-year term
(Terms expire for Scott Peck and Jon Rice)
Election of Directors
Newly-elected and incumbent Directors will have a brief Executive Session
Adjourn

CAN'T MAKE THE MEETING?

This year's meeting is very important. We will be discussing and voting on the possible sale of the Event Center. To sell an asset, 67% of the ownership must vote in favor of the sale. Attendance or a Proxy is critical to conduct this important business.

A stamped, addressed envelope is enclosed for your convenience.

Please mail in your proxy if you are unable to attend! We must have proxies prior to or on Monday October 17th!

Hi Jill,

I don't see any issues with the amendment on our end with regard to water supply, production and or consumption. The building is still well within our augmentation rights and number of allotted taps in the community, and allowed usage even with converting it to a single family dwelling, we'll be fine with it.

Hope that helps, let me know if you have any more questions. Feel free to contact me directly..

Hi Pat

I'm working with Grant Peck to complete a PUD Plat and Plan Amendment. Moore Dale HOA is requesting to turn their Club House into a single family dwelling. I've attached the application as well as a referral response form. So the question is, from a water management standpoint, will this amendment be an issue?

Thank you

 X We offer the following comments regarding this referral:

1. The Board recommends careful attention to maintaining the setbacks to the river and other water bodies in the proximity to any construction and renovation to this property.
2. Regarding the septic and leach field, the Board recommends that the adequacy of both uses for residential use vs current use as a community building be addressed and that all codes and requirements are met. The Board is confident that these requirements will be overseen by the Planning Department.

Jill,

I have spoken to pat about their plans for the Club House. The Club House is part of the current Augmentation Plan and is part of the Mooredale central water system. I am currently working with Mooredale to update their Diversion Records and Accounting. The change of use from the club house to a single family home will likely increase usage but not enough to be out of the range of their augmentation plan.

Hi Tim

I was given Pat Parker's contact information and was told he works with the State to maintain Moore Dale's water. I've forwarded Pat's response and just wanted to check and make sure Pat is the person I should be speaking with about this matter.

Thanks for your help

Jill
