**C. APPLICATION REQUIREMENTS**

1. Application Fee. An application fee in the amount of \$1060 must be paid at the time of submission of the application. Make the check or money order to the Park County Planning Department. The fee pays for the typical cost to the County to process the application. Any additional costs that may occur are the applicant's responsibility.
2. Tax receipt-showing payment of current taxes. This can be obtained at the Park County Treasurer's office.
3. Proof of ownership in the form of a recorded Warranty Deed. This can be obtained at the Park County Clerk and Records office.
4. A legal description of the property proposed for the Variance prepared by a licensed Colorado land surveyor.
5. A list of names and mailing addresses of all owners of adjacent property to the property subject to the proposed Variance, this information is at Park County Assessor's Office.
6. A vicinity map of where the proposed property is located within Park County.
7. A site plan drafted at a commonly used engineering scale with clear indication how the variance relates to the affected land with the following information:
  - a. Name and address of the owner;
  - b. Date of preparation, map scale, and north arrow;
  - c. Lot dimensions, total acreage, and points of access to the property, internal roads and trails. The map must illustrate how access is obtained from the property subject to variance to the nearest county road or highway;
  - d. Natural features of the property subject to variance including, wetlands, floodplain, riparian areas, water bodies, rock outcroppings, significant vegetation, geological or other hazards, and slopes greater than twenty-five percent (25%);
  - e. Utility systems including existing and proposed water wells, sewer systems, electric services, and natural gas;
  - f. The dimensions, height and setbacks of all existing and proposed structures.
  - g. A clear illustration or description of the proposed variance, using shading, crosshatching, or highlighting, to accurately illustrate the proposal.
8. The property must be clearly identified with the address and posted according to the Park County address requirements (attached).

We are asking to forego the 30 foot distance to property line on lot 102 owned by Jim and Rose Linn , PO Box 1351, Fairplay, CO, ph # 719-836-0955.

---

We are hoping to have a garage built in the area shown on the diagram. This site is on the same side as the electricity, and away from the propane gas tank so the propane company or any emergence vehicle can easily get to house and propane tank. The pathway from the garage door to the front door of our house will be easier. There is a strong slope on the other side other of the property that would make it difficult to try and build a garage. We believe our request meets the County's criteria for a variance as follows:

Criterion 1: The proposed site for location of our garage is best because of the slope of our lot. The North side of the drive, where we propose to build, is much more level than that to the South. Additionally, the North side is closer to the electrical supply point (which is on the North) and further from the propane tank (on the South. To build on the South side may in fact impede access to the propane tank for both the propane company and for emergency purposes.

Criterion 2: As noted above, our propane tank is located on the South side of the drive, and putting a garage on that side may place an obstacle for the propane company and for emergency vehicles/personnel who may need access to the tank. The propane tank was placed by builder and original owners of the cabin in 1996. We purchased the property in March, 2004.

Criterion 3: We have spoken with Mr. Jim Linn, our neighbor, about our desired placement, and he has assured us that he has no objection. Further, it is our belief that our location presents the lease obstruction to viewing the beauty of the area and its surroundings. Placing it on the South side of the drive, would, in our opinion, present such an obstacle.

Criterion 4: We believe that the intent and purpose of the regulation is in fact better served by building in the proposed location. A structure there poses no barrier to our neighbors to the North, and it allows good viewing from the drive to the South.

Thank you for your consideration.

**PARK COUNTY BOARD OF ADJUSTMENTS  
PLANNING DEPARTMENT STAFF REPORT**

Board of Adjustments Hearing Date: November 8, 2016

To: Board of Adjustments Members

Date: October 26, 2016

Prepared by: Sheila Cross, Director of Development Services  
Jill Falchi, Planning Technician

Case Number: 16SET-07

Subject: Lowitzer Variance

Request: The applicant is requesting a 15-foot variance from the north side property line setback requirement to accommodate a proposed garage.

---

**Application Summary:**

Applicant/Owner:	Arthur & Rose Lowitzer
Location:	Indian Mountain, Filing 25, Unit 2, Lot 103 addressed as 144 Red Cloud Drive
Current Zone District:	Residential (R)
Surrounding Zoning:	Residential (R) and Conservation Recreation (C/R). See Attachment 1.
Lot Size:	5.66 Acres
Existing Use:	Single Family Residential

**Background:**

The subject property is located in the western-most portion of the Indian Mountain Subdivision, approximately 1,000 feet from public land. See Attachment 2, Vicinity Map. The applicant is requesting a 15-foot variance from the north side property line setback requirement to accommodate a proposed garage. See applicant's site plan, Attachment 3. Because of the lot's considerable slope, location of propane tank and well head, and desire to protect scenic vistas, the applicant is requesting this variance. See Aerial and Topo Maps, Attachments 4 and 5, respectively. The neighbors to the north have consented to this variance request.

Staff received referral responses from the Assessor and Public Works who had no conflicts and no comments. IREA responded suggesting a condition that the applicant provides a minimum 15' clearance to the proposed garage location and the existing overhead electrical facilities. The applicant's representative and contractor noted that the proposed location of the garage will provide, at a minimum, 20' of clearance.

### **Land Use Regulations and Strategic Master Plan:**

Each of the standards for approval of a variance (Land Use Regulation (LUR) Article III, Division 1, Section 3-100, page 2) is addressed below.

- 1. A strict application of the Resolution causes peculiar and exceptional practical difficulties or exceptional and undue hardship by reason of exceptional narrowness, shallowness, or shape of a specific piece of land or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the land:**

The parcel in question has limited building sites because of the slope of the lot. The only other location for the proposed garage, on the south side of the house, was discounted because of the location of a propane tank and well head. Building a garage in that location would block access to both. In addition, the southern location would require considerable expense to bring power to.

- 2. The applicant provided reasonable and adequate evidence that the variance request is not a self-imposed hardship that can be rectified by means other than relief through a variance:**

The hardship was caused by the previous owners who located the well and propane tank in the only other building site on the lot.

- 3. There exists no substantial detriment to any neighbor or to the public by the granting of the variance:**

Staff discerns no substantial detriment to any neighbor or the public that would be caused by granting the variance. According to the applicant, the property owners to the north support this variance.

- 4. The intent and purpose of the regulation being varied is not substantially impaired or defeated by the granting of the variance.**

Setback regulations exist to provide privacy, light access, and air movement between dwellings. Given that the house immediately to the north is approximately 300 feet away from the proposed building site, the purpose of the regulation would not be substantially impaired by granting the request.

Staff does not find this variance request to be contrary to any of the Guiding Principles of the Strategic Master Plan.

**Impact Analysis:**

No physical or aesthetic impacts are anticipated.

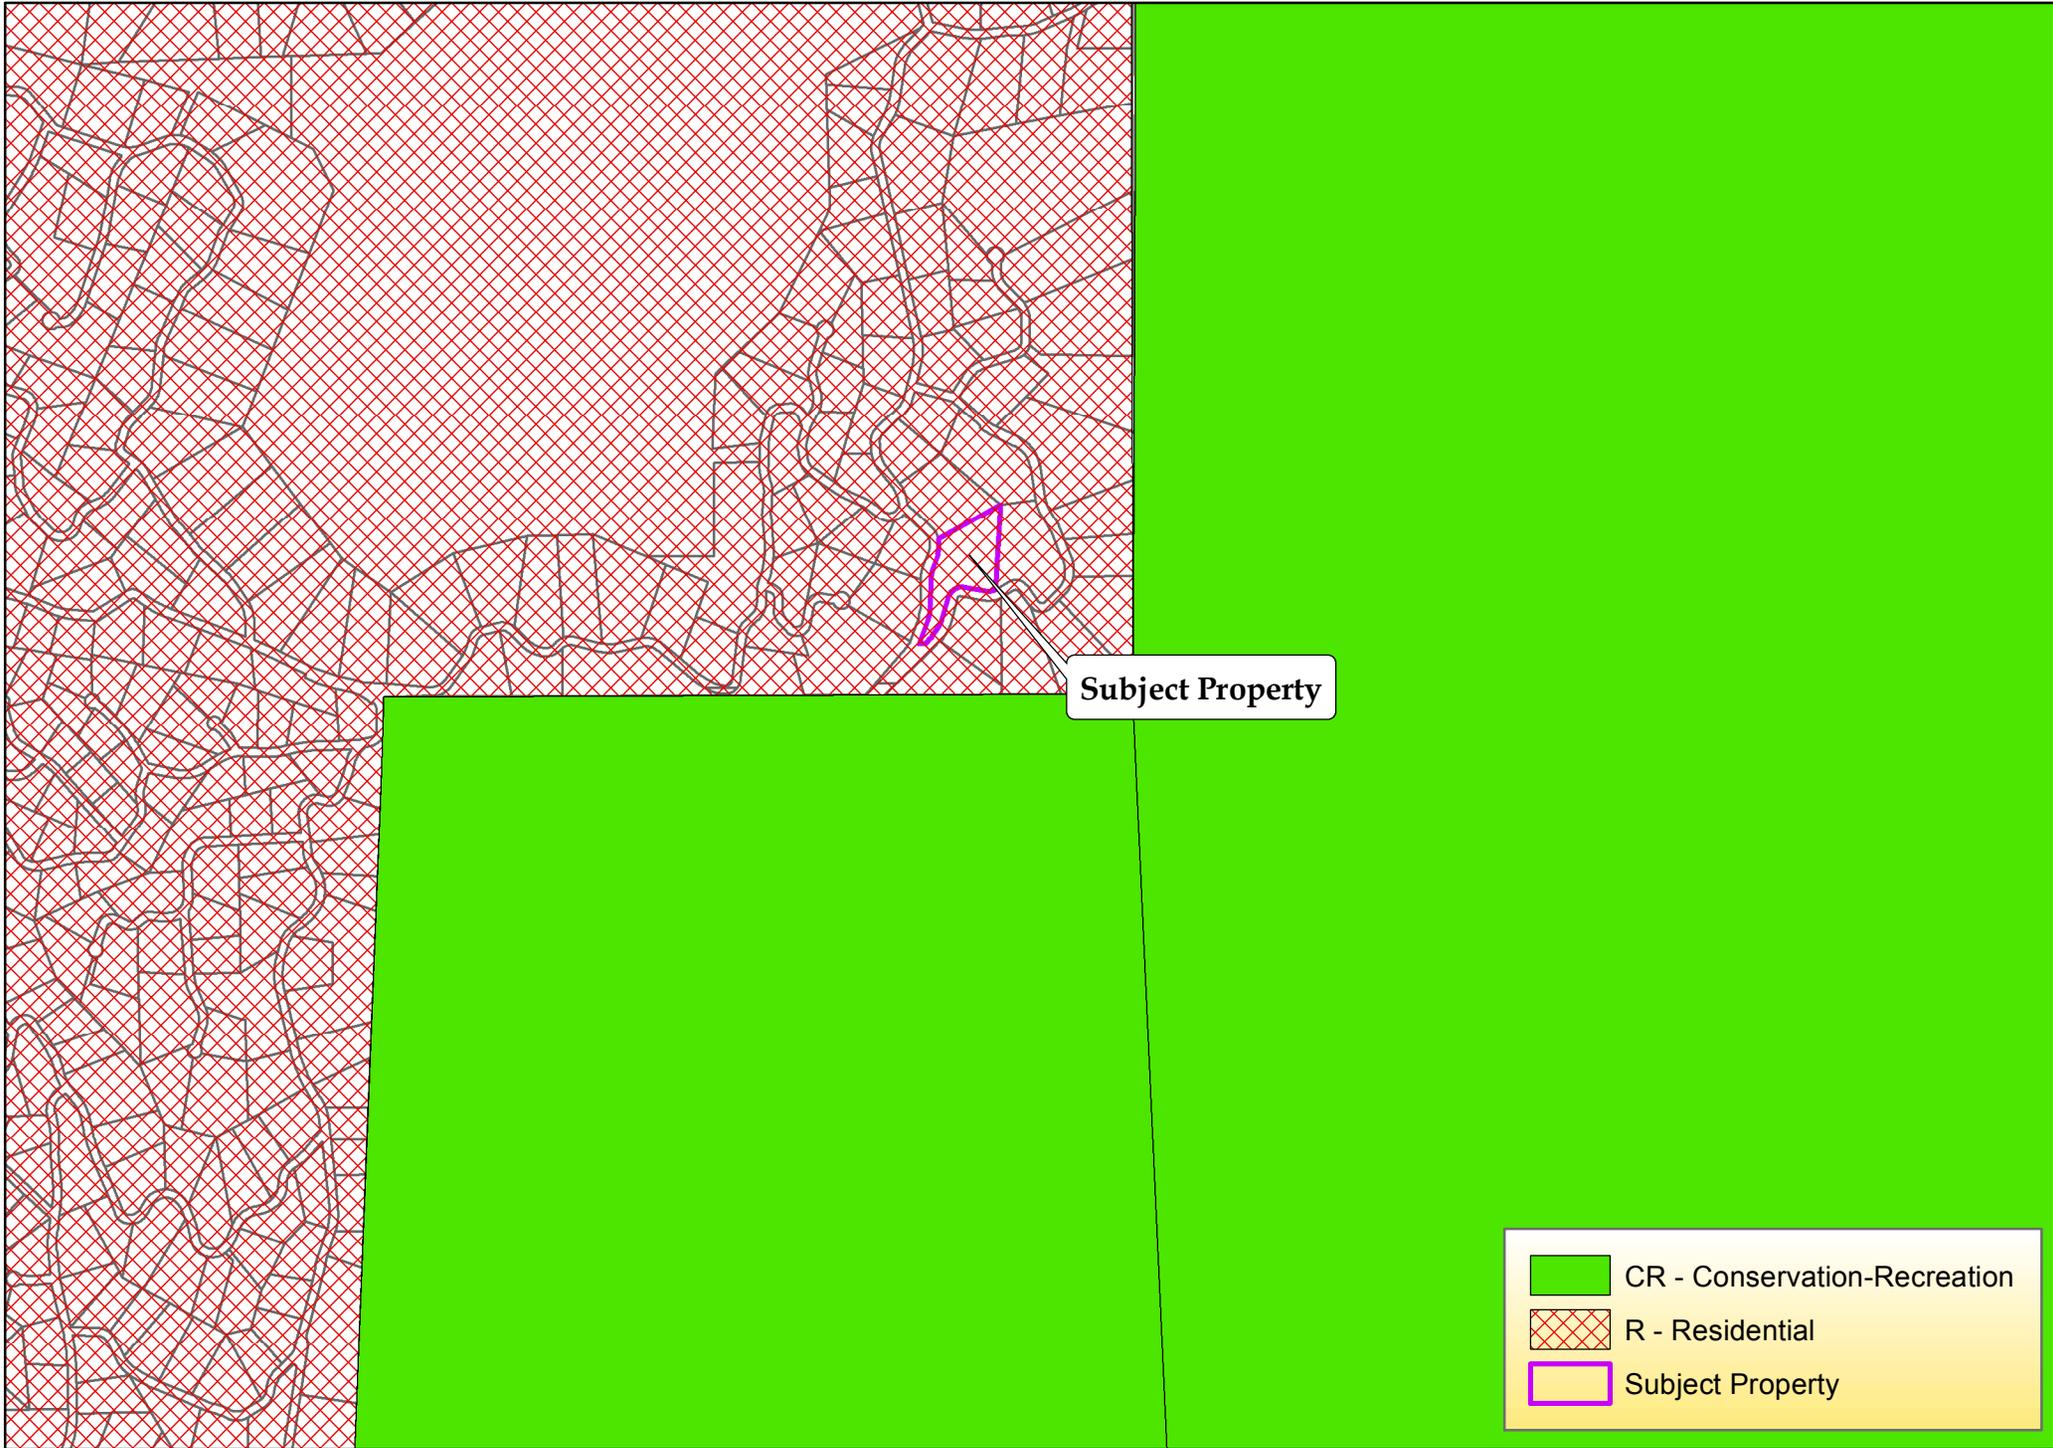

**Public Comment:**

No public comments on this variance request had been received at the time this report was prepared.

**Recommendation:**

Staff recommends approval of the application with the following condition:

1. The applicant provides a minimum 15' clearance to the proposed garage location and the existing overhead electrical facilities.

Re: LOWITZER VARIANCE  
Case No.: 16SET-07

Dear Ms Gannon:

The Association has reviewed the contents in the above-referenced referral response packet. We reviewed the project for maintaining our existing facilities, utility easements, electric loading, and service requirements. We are advising you of the following concerns and comments:

The Association has existing overhead electric facilities on the subject property. The Association will maintain these existing utility easements and facilities unless otherwise requested by the applicant to modify them under the Association's current extension policies. The applicant didn't provide the location of the existing overhead electric facilities, therefore the Associations will require as condition for approval, provide a minimum fifteen (15') foot clearance to the proposed garage location and the existing overhead electrical facilities.

Sincerely,

**PARK COUNTY PLANNING COMMISSION  
PLANNING DEPARTMENT STAFF REPORT**

Planning Commission Hearing Date: December 13, 2016

To: Planning Commissioners

Date: December 1, 2016

Prepared by: John Deagan, AICP; Planner

Case Number: 16AMN-04

Subject: Guerrero Common Plat Amendment (Lot Consolidation to be Reviewed Administratively)

Request: The removal of 33 lots from Wandcrest Park, 3<sup>rd</sup> Filing, so they can be combined with an adjacent metes-and-bounds parcel.

---

**Application Summary:**

Applicant:	Rocky Guerrero
Owner:	Same
Location:	Part of the North ½ of Section 24, Township 7 Range 72 addressed as 15674 South Pitkin Lane, Pine. See Attachment 1 for a vicinity map.
Current Zone District:	Residential
Surrounding Zoning:	Residential in all directions
Lot Size:	0.35 and 9.6 acres
Existing Use:	Single Family Residential
Proposed Use:	Same, with Detached Garage
Public Comment	None received at this time

**Background:**

Rocky Guerrero owns 33 small lots in Wandcrest Park, 3<sup>rd</sup> Filing and an adjacent 5-acre metes-and-bounds parcel south of them. He wants to build a garage on the latter parcel. This requires a lot consolidation and plat amendment to remove the first-mentioned land from the Wandcrest Park subdivision. A depiction of the existing and proposed lot configuration can be seen as Attachment 2. Staff has determined that the application meets the requirements for approval of a lot consolidation, and the plat amendment requires Planning Commission and Board of County Commissioners review.

**Land Use Regulations and Strategic Master Plan:** Each of the standards for approval of a Common Plat Amendment (LUR Section 6-504, page 38) is addressed below.

**Land Use Regulations and Strategic Master Plan:** Each of the standards for approval of a Common Plat Amendment (LUR Section 6-504, page 38) is addressed below.

**A. The Common Plat Amendment amends a County-approved and recorded Minor Plat, Final Plat, or Exemption Plat.**

This requirement is not applicable to the situation. The plat for Wandcrest Park 3<sup>rd</sup> Filing was recorded in 1927 and Park County did not adopt subdivision regulations until 1960.

**B. The Common Plat Amendment, as approved, either conforms to all applicable zoning or other standards or does not increase any nonconformity of an already legally nonconforming lot.**

The amendment will eliminate 33 nonconforming lots by combining them with the larger metes-and-bounds parcel.

**C. The Common Plat Amendment, as approved, meets or satisfies all applicable requirements of these Land Use Regulations.**

The amendment meets all applicable requirements of the Park County Land Use Regulations.

**D. The Common Plat Amendment, as approved, substantially conforms to the goals and policies of the Strategic Master Plan to the extent that such advisory provisions do not conflict with provisions or requirements of the Land Use Regulations and to the extent that such goals and policies set forth requirements which are sufficiently specific to permit the Planning Commission or the Board of County Commissioners to decide that such application or subdivision meets or fails to meet such goal or policy.**

This plat amendment does not conflict with any goals or guiding principles of the Strategic Master Plan.

**E. The proposed amendment would not cause significant hardship or inconvenience for adjacent or neighboring landowners.**

This amendment would not cause any hardship or inconvenience to any neighbors.

**F. The proposed amendment does not create or result in an illogical or inefficient lot layout or subdivision.**

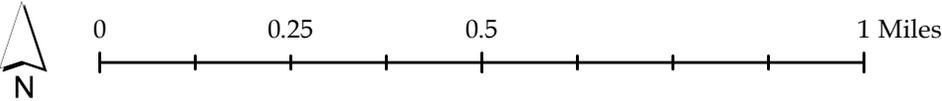

The proposed amendment will eliminate 33 inefficient lots.

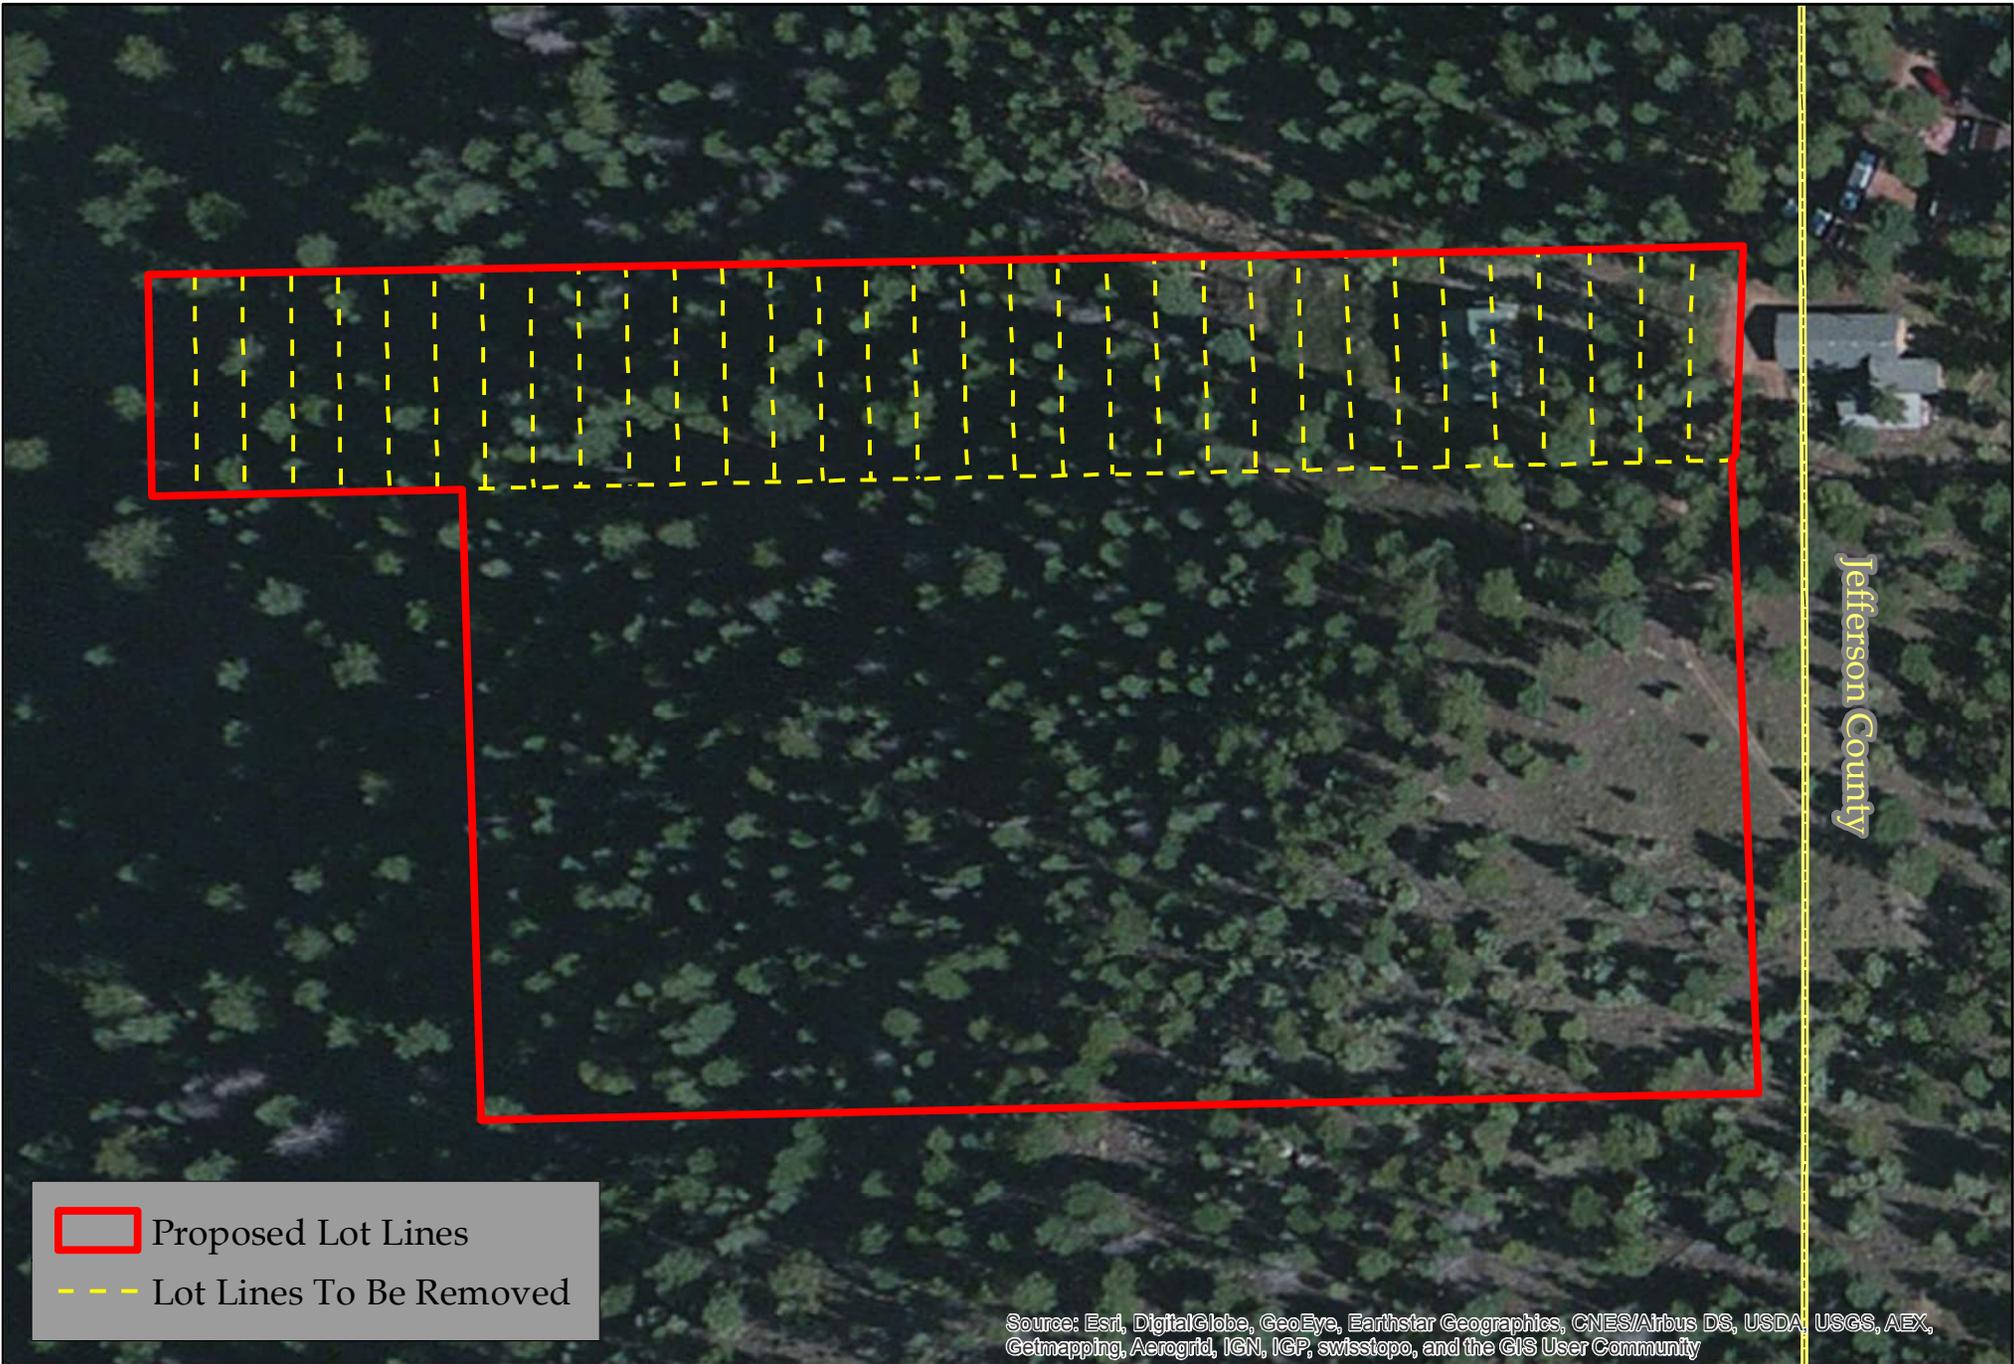

**Impact Analysis:**

No significant impact is anticipated to schools, parks, storm drainage or utilities.

**Recommendation:**

Based on the foregoing, staff recommends that the Common Plat Amendment be approved with no conditions.
