

**PARK COUNTY
BOCC WORK SESSION MEETING REQUEST**

NAME: : John Van Doren <seneca1411@gmail.com>

CONTACT INFORMATION (PHONE, EMAIL)

MEETING DATE REQUESTED:

Work session on January 15,2020

EXPLANATION AND SUMMARY OF DISCUSSION:

The topic for the working session would be Bailey area ponds that provide a critical water resource for both structure and forest fire suppression. Specifically those ponds that do not currently have water rights and are under increasing pressure from down stream senior rights holders to either be drained or made compliant with augmentation and engineering upgrades. Under what conditions and terms would the BOCC be willing to use Land & Water Trust Funds to protect these water resources?

DOCUMENT(S) TO BE PRESENTED: TBD
