## Public Health Emergency Dispensing Exercise

Have you ever seen the news about a new health outbreak and wondered what would happen in Colorado?

Did you know that this is something that many health and emergency agencies plan, train and practice?

Would you like to learn more and support the improvement of your local public health emergency preparedness?

### You're invited!

June 16, 2017 there will be a statewide full-scale exercise to test response activities during a public health emergency in Colorado. Activities include receiving and distributing medicine and other health supplies when many people need them at once.

Come help Colorado's response system practice their procedures AND learn more about what you, your family, or your organization would do during a public health emergency.

- Save the date -June 16, 2017
- Please come to our Park County Public Health Point of Dispensing site at the Fairplay Community Center at 880 Bogue Street between 11 a.m. and 1 p.m. First 50 people will receive free lunch and a gift.
- Reach out to Eric Lines, Park County Public Health Emergency Preparedness Coordinator, for more information about opportunities to participate.

Thank you for building your preparedness and the preparedness of your community!
