

Park County Broadband Advisory Board

Meeting 1/11/2021

Minutes

Attendees:

John Carr

Mike Brazel

David Shipley

Waclaw Nieradka

Bill Boles

Kim Burton

Alex Telthorst

1. Lake George Project – Alex Telthorst Colorado Fiber Community
Some, but not all of the broadband fiber conduit has been buried. The remainder of the conduit (150”) will be completed in the Spring 2021. When completed, the fiber will run from the Library to the Sherriff/Public Works/Public Health offices with drops available for the Forest Service and the Charter School. The pad for the Carrier Neutral Facility (CNF) has been poured at the Library. The CNF structure has been paid for and is due for shipment to Lake George by mid December 2020.

Bailey Public Health – Alex
The Bailey Public Health office is moving to the new ParkCo building in Bailey. Broadband fiber will connect the office to the Bailey backbone network.
2. Silverheels Ranch – David Shipley VP South Park Tele phone
The take rate for new broadband services at the Silverheels Ranch has reached 70%.
The Staunton broadband grant request for the January 2021 grant cycle has been sent to the Colorado Broadband Deployment Board. Also, a modified grant request from Burland Ranch has been sent to the Deployment Board
3. Alma/Zebulon Broadband Tower – John Carr
John will follow up with Rural Internet Service to determine the status of RIS activation activities in Alma/Valley of the Sum/Mosquito Gulch/Placer Valley communities.
