

# AGRICULTURAL LAND CLASSIFICATION QUESTIONNAIRE

Please read the definitions located on the backside of this correspondence prior to completing the questionnaire.

The Assessor's Office uses a confirmation program that is designed to correctly classify all agricultural property in the county, by gathering information through physical inspections, agricultural committee, county extension agents, agricultural industry representatives, and responses to questionnaires.

Agricultural land in Colorado is valued by the income approach to appraisal, based upon the earning capability of the land (Please review the definitions on the reverse side). If your land is no longer used agriculturally, it will be valued based on the applicable approaches to value that will reflect the current Market value. In order to make an informed decision on the proper classification, all information will be analyzed. The classification of your property will not be based solely on the information you supply on this questionnaire. We update all values each odd numbered year but you must qualify each year.

## ALL RESPONSES WILL BE TREATED AS CONFIDENTIAL INFORMATION.

In order to ensure correct classification of your property please provide the following information:

Schedule # \_\_\_\_\_

Total Acres \_\_\_\_\_

Legal Description: \_\_\_\_\_ Physical Location (Address): \_\_\_\_\_

1. What percentage of the property is used as a: Ranch: \_\_\_\_\_%

Farm: \_\_\_\_\_%
